Aug 08, 2013 Give the next version of Amarra a trial: the US\$189 version For me that was well ahead of Pure Music, Audirvana and Jriver Mac.

Mess with the settings a bit, read the manual and you can get a great sound JRiver Mac is certainly the easiest to use for me (as a PC guy) because I find iTunes pestilential and slow.. Audirvana and Audirvana Plus Damien Plisson's Audirvana comes in two variants: the Free Audirvana can be downloaded directly from Google, and the plus version is relatively affordable at \$49 (€39).. Jul 20, 2018 Audirvana Plus for Windows 10 is built around a new user interface optimized for use with PCs running Windows 10.. I'm rather new to the whole audiophile thing, I started listening to FLACs exclusively a few months ago, got myself a couple of expensive cans and an Amp/DAC; I was just wondering was the benefit of using those kind of softwares, I tried Amarra's free trial and I couldn't perceive any difference; currently I'm using Tidal Hi-Fi running on Chrome and VOX for Mac for my own FLACs.. Since you have tried Audirvana, you are obviously on a Mac, so no Foobar for you unless you're running it through WINE, or virtualized.
